

REPRESENTATIVE

The Training Station Gym & Run Shoe Store

Job Description

The Training Station is unlike any other gym in the region. It is a sacred space for our exercisers; they know what they want to do and believe that we are the only place that gives them the space to do it. Run Shoe Store buyers seek out the store specifically to get the kind of intimate customer service you can't receive elsewhere.

What the Representative does...

- Help people join the gym. (No need to "sell" it; it sells itself. Literally, help people join)
- Fit customers into proper running shoes (We're better than the other running stores. Don't worry – you'll get training.)
- Be available to provide information and recommendations on topics like: fitness classes, instructors, trainers, health in general, pop culture, local eateries (we love food), and anything else – basically, be an awesome person (asking too much?)
- Front Desk duties: greet members, schedule appointments, answer phone, reply to email, and possibly light social media.
- Show people how to use the equipment.
- Assist with billing.
- Minor tidying between major custodial cleanings; including storing weights.

You will receive training both on the gym's equipment and in the art of fitting athletic footwear with a concentration on runners. You will train directly under the owner, one of the region's top runners and trainers, whose sneaker fittings have garnered regional acclaim. Sounds intimidating, huh? It's not, really. If you sincerely care, you'll be great.

This job might be for you if you...

- Are amiable. Friendly. A team player. A good person.
- Don't like selling. We proudly offer outstanding goods and services that can really help people. But we don't try to sell anyone. Ever.
- Have the ability to think on your feet and speak with tact.
- Are a very good listener and attentive problem solver.
- Polite and helpful... in a to-the-point kind of way.

It's even more awesome if you...

- Have a CPR/AED certification.
- Exercise regularly.
- Worked in a shoe store.
- Have/are studying anything related to physiology.
